

Bug Club

Welcome to Bug Club Digital

For Parents

Bug Club is a literacy program which offers expertly levelled print and digital books that engage children as they learn to read. **Bug Club Digital** helps children improve their reading skills at school and home with exciting books and rewards. Books feature some well-known characters and have been designed to motivate children, so they get the most out of reading and want to read more.

Logging in

You can access **Bug Club Digital** on your home computer, iPad or Android tablet.

1. Go to www.activelearnprimary.com.au
2. Please refer to 'Will it work on my computer' to check the system requirements for **Bug Club Digital**.
3. A Help Guide is available before you login. Please refer to 'Pupil view' within this guide.
4. Enter your username and password and click **Login**.
Note: The school code is stored after it has been entered once, so you will not need to type it in every time.

The Help Guide for the 'Pupil view' is available here.

Check the system requirements for **Bug Club Digital** here.

5. This will take you to your **Bug Club Digital** home page. Your child can choose the world they like best by clicking the **My Home** tab.

Using the books

Books allocated to your child are in the **My Stuff** tab. Children earn coins for completing a book and all the quizzes in it. Results are shared with your child's teacher so they can see how your child is progressing. Students can then use their coins to play games in the **My Rewards** tab. Completed books are stored in the **My Library** tab.

When reading books with your child, use the notes on the inside front and back cover (where available) to help you talk about the book with your child before, during and after reading.

When you have finished using **Bug Club Digital**, click the **Log Out** tab.

Have fun exploring **Bug Club Digital**!
